Subject: EB Games Wii U Quote

Hi Steve,

Thanks for contacting us!

After looking through our stock it appears that we only have preowned Wii U consoles available.

Each Wii U console comes with:

- White Wii U console (preowned) (8Gb of internal memory, colour of console may vary)
- White Wii U GamePad (preowned)
- HDMI cable (preowned)
- AC adapter (preowned)

The gamepad can be used as a controller however it is not the controller the is active when the player wants to move around, this will be the Wii Plus controller.

These will need to be purchase separately, however the only available stock we have is for the Rockcandy Wii controllers.

As you have asked for four controllers per console this will equal a total of twenty eight controllers in total.

Wii U Preowned Console	7	\$148.00	\$1036.00
Wii Controller - Rock Candy Wii Remote and Nunchuck Bundle	28	\$59.95	\$1678.60
			Total: \$2,714.60

The Wii U does support backwards compatibility with the Wii so any games you have already for the Wii will work on the Wii U.

The Wii U motion plus controllers the Wii uses will also work the the Wii U which may reduce the over all price of the quote if you wish to use them rather than purchase new controllers.

If you have any further inquiries please feel free to reply to this email or give us a quick call on 133 930.

Kind Regards
