Getting Support

Contact Marie Sesay on 02 9840 9910 during business hours or email grants@cumberland.nsw.gov.au and quote your application number.

Read the 2017 Clubs for Cumberland Guidelines before completing the application form. You can view the Guidelines [here](#).

If you need more help using this form, download the online 'how to' [Help Guide for Applicants](#) or review the [ClubGRANTS Application Guide](#).

Navigating (moving through) the application form

On every screen (page of the form) you will find a Form Navigation contents box, this links directly to every page of the application. Click the link to move directly to the page you want.

You can also click 'next page' or 'previous page' on the top or bottom of each page to move forward or backward through the application.

Saving your draft application

If you wish to leave a partially completed application, press 'save' and log out. When you log back in and click on the 'My Submissions' link at the top of the screen, you will find a list of any applications you have started or submitted. You can reopen your draft application and start where you left off.

You can also download any application, whether draft or completed, as a PDF. Click on the 'Download' button at the bottom of the application navigation panel.

You should ensure you are saving your application frequently. Each time you navigate to a new page, the previous page is saved automatically. However, if you lose power or you lose internet connection for example, you may lose any changes you have made, so save often!

Submitting your application

You will find a **Review and Submit** button at the bottom of the Form Navigation Panel on every page. Once you have reviewed your application you can submit it by clicking on 'Submit' at the top of the screen or on the navigation panel. You will not be able to submit your application until all the compulsory questions are completed.

Once you have submitted your application, no further editing or uploading of support materials is possible.

When you submit your application, you will receive an automated 'confirmation' email with a copy of your submitted application attached. This will be sent to the email address you used to register.

If you do not receive a confirmation of submission email then you should presume that your submission has NOT been submitted.

Attachments and support documents

You may need to upload/submit attachments to support your application. This is very simple, but requires you to have the documents saved on your computer, or on a storage device.

You need to allow enough time for each file to upload before trying to attach another file. Files can be up to 25MB each; however, we do recommend trying to keep files to a maximum of 5MB - the larger the file, the longer the upload time.

Project Overview

9. Project Name *

Autism Active Kids Cumberland

10. Please provide a short outline of your project *

Children with autism need opportunities to engage socially to develop the necessary skills to participate further in their community. The benefit will extend to the parents who will be allowed to connect with others who understand them, for mutual support,

Ten Pin Bowling and Laser tag have proven popular in our other groups. These are activities children with autism are usually precluded from as they are a group activity and children with autism typically find it difficult to make friends. They are also non-sedentary activities, allowing them to be physically active and help curb the growing problem of childhood obesity.

17. What impact do you hope to have on your identified local community priority needs? *

Based on 2016 population statistics, there are approximately 1,113 people with Autism in Cumberland council area. According to Horlin 2015 in PLOS, "The median family cost of ASD was estimated to be AUD \$34,900 per annum with almost 90% of the sum (\$29,200) due to loss of income from employment."

In 2016 ACN partnered with Auburn council (Now Cumberland Council) to launch its Autism Support group to around 80 people in the Auburn LGA. The group met monthly with a steady attendance of, on average 5-7 families each session who had a child or children with autism. Almost all were of a Non English Speaking background. During this time, parents shared information and mutual support, while the children interacted and developed social and other skills. Parents were also linked in by other parents to local supports and other service providers. Feedback from the group was that, while the monthly meetings were valuable, they need to be expanded to provide activities for the children, so they can further develop skills and parents can connect on a deeper level without having to concurrently look after their children

Word Limit: 300. Note: You will need to evaluate and report on your project against these outcomes.
