Progress Report

Application CLUBGRANTS2018116 From Autism Community Network - DRAFT

Reporting Requirements

Clubs for Cumberland ClubGRANTS Progress Report

A legislative requirement to be fulfilled by all organisations receiving ClubGRANTS assistance from registered clubs is that a club must request funding recipients to provide a report on how the funds were applied and whether the use of funds has varied from the purpose stated in the original application. If a report is not received from a funding recipient, the ClubGRANTS Guidelines require that the club should not consider any additional funding for that organisation, except in exceptional circumstances.

In some instances, however, a program, project or service has not been completed before the funding recipient wishes to seek further funding for another activity. In these cases, recipients should provide a progress report on the current project. This should include a timeline for the project's completion and reasons for any delay in the expenditure of the funds.

Recipients should also advise the funding club of any changes in the circumstances of the project (such as what the money will be spent on, who will benefit from the funding, how they will benefit), and obtain the club's written approval prior to making any changes.

Funding recipients should use this form for amounts above \$500. Where an individual ClubGRANTS expenditure is above \$5,000, the benefiting organisation must also complete a statutory declaration (page 3).

Please note: additional details should be attached to the form where the space provided is insufficient.

Further information concerning the ClubGRANTS scheme is available from individual clubs, local committees, or the ClubsNSW website www.clubsnsw.com.au or contact ClubsNSW on (02) 9268 3000 or enquiries@clubsnsw.com.au.
