

# Canterbury ClubGRANTS Local Committee

*Local clubs working for the community*

7 August 2012

Mr Steve Drakoulis  
Autism Community Network  
PO Box 188  
RIVERWOOD NSW 2210

Dear Mr Drakoulis,

## ClubGRANTS Application Project - \$4,528: Funding request for the 'Canterbury Autism Kids Connect' project

Thank you for your application for funding under the Canterbury ClubGRANTS Program.

I am writing on behalf of the joint committee of licensed clubs that was established to help co-ordinate our allocations to the community and provide recommendations based on priority needs in Canterbury City.

The committee is formally known as the Canterbury ClubGRANTS Local Committee and it assesses all applications and makes recommendations to the clubs about local priorities. It is made up of representatives of all clubs in the program, as well as representatives of the NSW Department of Family and Community Services, NSW Health, NSW Council of Social Services and Canterbury City Council.

I regret to advise that your application for funding from this year's program has been unsuccessful. Although your program has clear benefits for the community, we received over 143 applications for many worthwhile projects and unfortunately not all programs could be funded.

However, we acknowledge the important work of your organisation and hope that applications we receive from you in a future program will provide us with an opportunity to support your activities.

Thank you for your work for our community. We look forward to hearing of your success in addressing local needs in the future.

Yours sincerely,

Neville Rose  
**CHAIRMAN**
