Summary

Q1 Project Name

Petersham Autism Support Group

Q2 Brief Project Description (250 words max)

Provide a support group for parents and carers of children affected by autism. We want to create a relaxed, welcoming environment where they can connect with others who understand them and share information and ideas for mutual support.

Q3 Please provide an outline of your project (500 words max)

We wish to create a community of families who can connect based on their need to learn how to better support their families' needs. This is a bonding and supportive community experience. We have seen across all our groups that carers look forward to seeing each other and many begin to connect independently of the network and develop friendships. The more confident they grow in their ability to engage with others despite their children's issues the more they will participate in their local community and give their kids a chance to learn as well. Holding this group in a Local club will also enforce the community acceptance of an isolating condition. We also wish to hold a Carer's Lunch/Dinner during Autism Awareness Month (April) in recognition of the work they do. Many are unable to do such things due to the financial limitations caring for a member with Autism places on the family.

Q4 Which of the following local community priorities below does your project address?

Q10 Can your project be broken down for part-funding? If so, how?

We can still run this program but will not be able to provide the simple kindness of a coffee and snack each meeting, or offer the Carers Lunch/Dinner during World Autism awareness month
