Attention: Steve Drakoulis

Dear Steve,

Re: The Coca-Cola Australia Foundation (CCAF) – 2018 Grant Round, Employee Connected grant application EC201800244.

Thank you for your recent application to The Coca-Cola Australia Foundation (CCAF). We appreciate the opportunity to review your program.

Once again the CCAF received an overwhelming response to the Employee Connected grant round. After careful review of all the applications I regret that we are declining your application on this occasion. However, you are encouraged to re-apply in the next grant round.

The CCAF's mission is to inspire moments of happiness and possibilities for young Australians, with a specific targeted focus on 13-19 year olds.

Each year, we receive hundreds of proposals for a variety of initiatives, programs and events. I can assure you that we carefully evaluated your request to determine its fit within our overall community investment priorities. Our decision to decline your proposal does not reflect on the value of your request, but rather our attempt to target our resources at this time.

Please contact Lisa McSweeney, Coca-Cola Australia Foundation Administrator on lisa.mcsweeney@ccamatil.com if you have any questions regarding this grant or its requirements.

Best wishes for your continued success.

Sincerely,

Malcolm W Hudson
Coca-Cola Australia Foundation Chair
