Randwick ClubGRANTS Scheme - Report between \$500 and \$5,000

Application 23 from Autism Community Network

Reporting Requirements

Randwick ClubGRANTS Scheme

Randwick ClubGRANTS reporting requirements

A legislative requirement to be fulfilled by all organisations receiving ClubGRANTS assistance from registered clubs is that a club must request funding recipients to provide a report on how the funds were applied and whether the use of funds has varied from the purpose stated in the original application. If a report is not received from a funding recipient, the ClubGRANTS Guidelines require that the club should **not consider** any additional funding for that organisation, except in **exceptional circumstances**.

Funding recipients should use this form for amounts between \$500 and \$5,000.

In some instances, a program, project or service may not have been completed by the expected date or before the funding recipient wishes to seek further funding for another activity. In these cases, recipients should provide a progress report on the current project. This report should include a timeline for the project's completion and reasons for any delay in the expenditure of the funds. Please contact Susanna Susic at susanna.susic@randwick.nsw.gov.au to apply for a Progress Report.

Further information about the ClubGRANTS scheme is available from individual clubs, local committees, or the ClubsNSW website www.clubsnsw.com.au or contact ClubsNSW on (02) 9268 3000 or enquiries@clubsnsw.com.au.

Randwick ClubGRANTS Scheme - Report between \$500 and \$5,000

Application 23 from Autism Community Network

Did you complete the Randwick ClubGRANTS Application Form for Category 1 Funding in 2014? *	Yes
Have you requested to deviate from the original areas of expenditure you nominated on your application form? *	No
If yes, please describe how the funding received was spent?	200 word limit
Please describe the outcomes of the program, project or service funded? *	<p>We had been aware for some time that there was no support for families dealing with autism in the eastern suburbs of Sydney. This group enabled parents and individuals break that isolation and connect with others who understand them. They have been able to learn more about what services and support is available in their community and access our family social events across the south eastern suburbs.</p> <p>200 word limit (please include details on the number of participants and the value of this program, project or service to Randwick residents)</p>
How did this funding make a difference to your organisation? *	<p>It allowed us to establish a presence in the eastern suburbs so that families who were previously isolated can now connect with available support. It enabled us to learn more about what the local community needed and work towards improving support for them.</p> <p>200 word limit</p>
What are your future plans for the program, project or service funded and the partnerships formed while implementing the project? *	<p>While we continue to build the support group, we hope to soon introduce a regular social day for children with autism and their families, and regular school holiday activities. We have established a relationship with Juniors on the Junction and have also received support from Holsworthy Community Centre. We are now aiming to appoint a local resident to facilitate the group as we aim to empower each community on a local level.</p> <p>200 word limit</p>
